

## Turning Point Farms Summer Camp Registration:

Imagine having a horse of your own for the week! The Turning Point Farms camp program combines caring and qualified staff, experienced horses, and excellent facilities where campers learn riding skills, expand their horsemanship knowledge, and enjoy riding with friends. Whether beginner or experienced rider, campers will enjoy lots of hands on time with our patient equine partners. Each day, campers will groom their own horses, spend 1 hour "in the saddle" in a group lesson and participate in a variety of other fun barn activities.
